RFQ PREPARATION

Carbon Powder

Use this page to prepare a complete technical and commercial inquiry before quotation.

TEMPORARY WORKING DOCUMENT. This file is not an issued TDS, COA, certificate, packing list or shipment record. Final documents must match the confirmed product, order and batch.

Information to provide

01	Melt type and furnace route
02	Addition stage
03	Target carbon recovery
04	Required size and chemistry
05	Trial quantity and destination

Packing and loading

Bag format, net weight, markings and loading arrangement are confirmed according to handling and destination requirements.

Documents to confirm

State the required COA fields, sampling or inspection method, origin document, commercial invoice, packing list, markings and any destination-specific documents in the RFQ.

Commercial confirmation

Confirm quantity, trial and repeat demand, Incoterm, destination port or country, requested shipment window and payment discussion. No availability, lead time or commercial promise is created by this template.
